### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Signore on 2/17/2006.

The application has been amended as follows:

Claim 1 now reads: -- An aerodynamic component comprising a main body having a cavity therein and configured to be removably connected to a wing of an aircraft such that the wing is capable of being inserted into the main body; a control member connected to the main body, the control member comprising a fixed member secured to the main body and a pivotable member configured to increase a drag of the aircraft without substantially changing a lift of the aircraft, the pivotable member being connected to the fixed member through a hinge member, and the pivotable member and the fixed member extending from the hinge member in a rearward direction of the aircraft and in a same direction when said control member is in a non-deployed configuration.--

Claim 11 now reads: --An aerodynamic component comprising a main body having a cavity therein and configured to be removably connected to a wing of an aircraft such that the wing is capable of being inserted into the main body; a means for increasing a drag of the aircraft without substantially changing a lift of the aircraft, the

means comprising a pivotable member configured to pivot on a hinge member relative to a fixed member, the pivotable member and the fixed member extending from the hinge member in a rearward direction of the aircraft and in a same direction when said means is in a non-deployed configuration, and the means being connected to the main body.

***Allowable Subject Matter***

2. Claims 1-7, 11-17, 22, 23, 26 and 27 are allowed.
